Note - LSD (Wanda) was queried as to whether Gasohol Consumption is being reported. Several LSD vehicles are currently participating in a test using only Gasohol. Wanda thought it wasn't being reported but would check with the Motor Pool. I asked that a third column be added on LSD's monthly report to record Gasohol Consumption. From the April LSD fleet average of 19.3 MPG, it appears that the Gasohol mileage is being reported but not the Gasohol Consumption. The previous month fleet average was 13.4 MPG.
